

# Learning Resources

## AQA GCSE Combined Science (Trilogy)

## Planning your revision

Effective revision starts with a plan. Make a revision schedule. Prioritise the topics you find hardest.

- [Revision: timetables and planning](#)
- [Get Revising](#)

## Revision websites and apps

Use websites that are interactive or allow you to quiz yourself. Download an app you can use on the bus or when you're waiting around.

- [Seneca Learning](#)
- [BBC Bitesize](#) - mobile app available
- [Quizlet](#)
- [Education Quizzes](#)

## YouTube channels

- [FuseSchool - Global Education YouTube channel](#)
- [Cognito](#)
- [Freesciencelessons](#)
- [myGCSEscience](#)
- [Science and Maths by Primrose Kitten](#)

# Learning Resources

## AQA GCSE Combined Science (Trilogy)

## Understanding the exam

Make sure you know which topics are in Paper 1 and Paper 2.

Command words tell us what to do in each question. Make sure you understand what they mean:

- [Command words in GCSE Biology](#)
- [Command words in GCSE Chemistry](#)
- [Command words in GCSE Physics](#)

Students often struggle with questions on practical science and data. Prepare to handle new data in the exam:

- [Describing, explaining and comparing graphs](#)
- [Practicals: key vocabulary](#)
- [Science GCSE skills pack](#)

## Exam Questions

Practising past paper questions is one of the best ways to prepare for your exams. In science, the same questions come round time after time. By reading and understanding mark schemes, you'll be able to ace them.

- [Biology Questions](#)
- [Chemistry Questions](#)
- [Physics Questions](#)
- [Science Questions](#) - Select topic on the right
- [Full past papers](#) - directly from AQA
